Dear Mr. Secretary General,

I am pleased to confirm that premier Road Carriers Ltd., supports the 10 principles of Global Compact with respect to Human Rights, Labor, environment and anti-corruption.

With this communication we express our intent to advance those principles. We are committed in making the principles of Global Compact part of the strategy, culture and daily operations of the company and to engage in collaborative projects which advance the broader development goals of the United Nations, particularly the Millennium Development Goals. Premier Road Carriers will make a clear statement to its stakeholders and the public.

We recognize that a key requirement for participation in Global Compact is the annual submission of a Communication on Progress (COP) that describes our Company's efforts to implement the 10 principles. We support public accountability and transparency and therefore commit to report progress within One Year of joining Global Compact and annual thereafter as per Global Compact COP Policy.

Sincerely yours,

Yashu Gupta
Director
