Dear Mr. Secretary-General,

I am pleased to confirm that ***Shangri-La International Hotel Management, Ltd.*** supports the ten principles of the Global Compact with respect to our basic rights, labour, environment and anti-corruption as it is aligned with our commitment to social responsibility.

With this communication, we express our intent to advance those principles within our operations at all times possible.

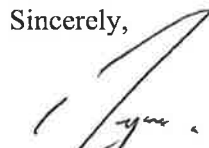

We are committed to making the Global Compact and its principles part of our daily operations and overall business strategy and ethos, especially in the way relate to our clients, various business partners, local community and our colleagues.

Moreover, as the principles mirror our core values of ***humility, courtesy, respect, helpfulness, sincerity and selflessness***, we will ensure that this is carried out in the partnerships and collaborative projects we will work on under the framework of the Millennium Development Goals.

**Shangri-La** along with its hotels and resorts will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles. We support public accountability and transparency, and therefore commit to report on progress within *one year* of joining the Global Compact, and *annually* thereafter according to the Global Compact COP policy.

Sincerely,

**GREG DOGAN**
