Dear Mr. Secretary-General,

I am pleased to confirm the commitment of Istanbul Arel University to the UN Global Compact and its ten principles with respect to human rights, labour, environment, and anti-corruption. We strongly believe that these are fundamental principles that should be followed by every individual and institution, and thus we are intent on our adherence to them within our sphere of influence.

We are also willing and determined to take part in the activities of the UN Global Compact where feasible – through, for instance, providing education about topics related to the Global Compact; supporting applied research in relation to the Global Compact; participating in the Principles for Responsible Management Education initiative; and organizing activities such as conferences for dissemination of the ten principles of the Global Compact.

Sincerely yours,

Mr. Kemal Gözükara  
Head of Board of Trustees, Istanbul Arel University
