Subject: Letter of Commitment for cKinetics' participation to the UN Global Compact

Dear Mr. Secretary-General,

I, Pawan Mehra, Managing Director of cKinetics, request cKinetics' participation to the UN Global Compact.

cKinetics is committed to the ten principles of the Global Compact with respect to human rights, labour, environment and anti-corruption.

Furthermore, we intend to advance on those principles within our sphere of influence. To this end, the principles of UN Global Compact will be imbibed in the strategy, culture and day-to-day operations of cKinetics and be duly communicated to the stakeholders. We would engage in collaborative projects which advance the broader development goals of the United Nations, particularly the Millennium Development Goals.

We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the Global Compact, and annually thereafter according to the Global Compact COP policy.

We, at cKinetics, look forward to joining a group of forward thinking organisations and people and embark on a mutually beneficial journey, which would definitely have far reaching positive impacts.

Sincerely yours,

Pawan Mehra
