Excellency,

It is with a great pleasure that I confirm that the Korea Environmental Industry and Technology Institute (KEITI) supports the ten principles of the UN Global Compact with respect to human rights, labour, environment and anti-corruption. With this commitment, we, at KEITI, express our intent to advance these principles within our sphere of influence, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to take part in the activities of the UN Global Compact where appropriate and feasible – through, for instance, participation in Country/Local Networks; involvement in specialized initiatives and workstreams; engagement in partnership projects; and reviewing and providing commentary to participating companies on their Communication on Progress.

Please accept, Excellency, the renewed assurances of my highest consideration.

Sincerely yours,
