Dear Mr. Secretary-General,

I am pleased to confirm that The School of Business at the British Columbia Institute of Technology supports the ten principles of the UN Global Compact with respect to human rights, labour, environment, and anti-corruption. The 10 principles align with our own mission of being integral to the economic, social and environmental prosperity of British Columbia.

With this commitment, we express our intent to advance these principles within our institute, community and alumni and will state this commitment to our stakeholders and the general public.

We also pledge to take part in the activities of the UN Global Compact where appropriate and feasible – through, for instance, participation of our staff and faculty in the Country and Local Networks; involvement in specialized initiatives and work-streams; engagement in partnership projects; and reviewing and providing commentary to participating companies on their Communications on Progress.

Sincerely yours,
