Dear Mr. Secretary-General,

I wish to confirm that PCH International supports the ten principles of the Global Compact with respect to human rights, labor, environment and anti-corruption. We hereby express our intent to advance those principles within our sphere of influence.

PCH International is committed to making the Global Compact, and its principles, part of our overall strategy, and work to integrate in company culture. We will ensure our daily operations are influenced and guided by the ten principles. We will work towards the common goal of advancing the broader development goals of the United Nations. PCH International will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the Global Compact, and annually thereafter according to the Global Compact COP policy.

Sincerely yours,
