Dear Mr. Secretary – General,

I am pleased to confirm that CMC Corporation supports the ten principles of the Global Compact with respect to human rights, labour, environment and anti-corruption. With this communication, we express our intent to advance those principles within our sphere of influence.

We are committed to making these principles as parts of our strategy, culture and day-to-day operations. Especially, we engage in collaborative projects which advance the broader development goals of the United Nations, particularly the Millennium Development Goals. CMC Corporation will make clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) which describes our company's efforts to implement the ten principles. We support public accountability and transparency, and therefore commit to report our progress within one year of joining the Global Compact, and annually thereafter according to the Global Compact COP policy.

Sincerely yours,

CEO OF CMC CORPORATION
