Dear Mr. Secretary-General,

I'm please to confirm that Sansheng supports the ten principles of the Global Compact with respect to the human rights, labor, environment and anti-corruption.

With this communication, we express our intent to advance those principles within our sphere of influence. We are committed to making the Global Compact and its principles part of the strategy , culture and day to day operations of our company and to engaging in collaborative projects which advance the broader development goals of the UN, particularly the MDG. Sansheng will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for partipating in the Global Compact is the annual submission of a COP that describes our company's efforts to implement the ten principles. We support public accountability and transparency and therefore commit to report on progress within one year of joining the GC and annually thereafter according to the GC COP policy.

Sincerely yours,
