Mr. Antonio Guterres  
Secretary General  
United Nations

22 September 2020

Dear Mr. Secretary General,

I am pleased to reconfirm that SITA supports the Ten Principles of the United Nations Global Compact with respect to human rights, labour, environment and anti-corruption. With this communication, SITA expresses our intent to advance those principles within our sphere of influence.

SITA committed to making the UN Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. SITA will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency and will continue to report on progress according to the UN Global Compact policy, which will include:

- A description of practical actions (i.e. disclosure of any relevant policies, procedures, activities) that SITA has taken (or plans to undertake), to implement the UN Global Compact principles in each of the four areas (human rights, labour, environment, anti-corruption).
- A measurement of outcomes be that qualitatively or quantitatively.

Yours sincerely,

Barbara Dalibard  
CEO, SITA

Dear Mr. Secretary-General,

I am pleased to confirm that SITA supports the ten principles of the Global Compact with respect to human rights, labour, environment and anti-corruption. With this communication, we express our intent to advance those principles within our sphere of influence. We are committed to making the Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Millennium Development Goals. SITA will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the Global Compact, and annually thereafter according to the Global Compact COP policy.

Sincerely yours,

Sincerely yours,

Mr. Francesco Violante
