Dear Mr. Secretary-General,

Re: UN Global Compact

I am pleased to confirm that Junior Chamber International City Hong Kong (JCI CITY) supports the ten principles of the UN Global Compact with respect to human rights, labour, environment, and anti-corruption. JCI CITY is an NGO who had served the community for over 30 years.

With the commitment, we express our intent to advance these principles within our sphere of influence, and will make clear statement of this commitment to our stake holders and the general public.

We also pledge to take part in the activities of the UN Global Compact where appropriate and feasible – through, for instance, participation in Hong Kong / region nearby; involvement in specialized initiatives and work streams; engagement in partnership projects; and reviewing and providing commentary to participating companies on their Communications on Progress.

Recently JCI CITY had just organized a free Haircut Day project on July 9 for over 1000 elders in Hong Kong. The main duty of community development projects is to improve the well-being of the community through different voluntary programs. We are also aiming at raising people's awareness of community services and thus achieving the goal of social harmony.

Sincerely yours

Winston Lin
JCI CITY President
