Dear Mr. Secretary-General,

I am pleased to confirm that TwentyFifty Ltd. follows and supports the UN Global Compact guiding principles on human rights, labour, environment and anti-corruption.

With this letter, we express that we intend to follow the principles within our sphere of influence. We are committed to making the UN Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Millennium Development Goals. TwentyFifty Ltd will make a clear statement of this commitment to our stakeholders and the general public.

We recognise that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the Global Compact, and annually thereafter according to the Global Compact COP policy.

Sincerely yours,

Luke Wilde
Director
