Dear Mr. Secretary General

I am pleased to confirm that Jyden Workwear A/S supports the ten principles of the Global Compact with respect to human rights, labour, environment and anti-corruption. With this communication, we express our intent to advance those principles within our sphere of influence. We are committed to making the Global Compact and its ten principles a part of our strategy, culture and day to day operations of our company, and to engage in collaboration projects which advance the broader development goals of the United Nations, particularly the Millemium Development Goals. Jyden workwear A/S will make a clear statement of this commitment to our stakeholders and the general public.

We recognise that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles. We support public accountability and transparency, and therefore commit to report on progress within a year of joining the global Compact, and annually thereafter according to the Global Compact COP policy.

Sincerely Yours

Ole Sørensen  
CEO
