Dear Mr. Secretary –General,

I am pleased to inform you that Blossom Childrens' Nursery supports the ten principles of the Global Compact with respect to human rights, labour, environment and anti-corruption.

With this communication, we express our intent to advance these principles within our sphere of influence. We are committed to making the Global Compact and its principles, part of the strategy, culture and day-to-day operations of our company, and to engage in collaborative projects which advance the broader development goals of the United Nations, particularly the Millineum Development Goals. The Blossom Childrens' Nursery will make a clear statement of this commitment to our stakeholders and the general public.

We understand that a key requirement for participation in the Global Compact is the annual submission of the Communication on Progress (COP) that describes our company's efforts to implement the ten principles. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the Global Compact and annually thereafter according to the Global Compact COP Policy.

Sincerely Yours,

Ms. Zahra Hamirani Esq.
