Dear Mr. Secretary-General,

I am delighted to confirm that PENTA Communications, Inc. supports the ten principals of the United Nations Global Compact with respect to human rights, labour, environmental and anti-corruption.

With this communication, we express our intent to advance those principals within our spheres of influence. We are committing to making the United Nations Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects, which advance the broader development goals of the United Nations, particularly the Millennium Development Goals. PENTA Communications, Inc. will make a clear and ongoing statement of this commitment to our stakeholders and to the general public.

We recognize that a key requirement for participation in the United Nations Global Compact is the annual submission of Communication Progress (COP) that describes our company's efforts to implement the ten principals. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the Global Compact and annually thereafter according to the Global Compact GOP policy.

Thank you for making this opportunity available to our company. We have been vested in our communities for over 25-years, and look forward to strengthening both our local and global commitment in the years ahead.

My best wishes,

Ms. Deborah Penta
Founder and CEO, PENTA Communications, Inc.
