Dear Mr. Secretary General,

The IAE Lyon is a leading university business school, created in 1956, awarding state recognised degrees, combining the advantages of a management school with relevant research input. IAE Lyon is one of the largest business schools in France and the only one of its kind to offer a range of courses covering all fields of management from Bachelor's, Masters, Executive MBA, to Ph.D. level in an international and professional environment. The IAE Lyon model of development has the objective to ensure continuous and intensive Integration of Research, Education and Business Practice activities as well as opening a dialogue between Management, Business Sciences, Humanities and territorial stakeholders.

I am pleased to confirm that the IAE Lyon, University of Lyon School of Management, supports the ten principles of the UN Global Compact with respect to human rights, labour, environment, and anti-corruption. With this commitment, we express our intent to advance these principles within our sphere of influence, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to take part in the activities of the UN Global Compact where appropriate and feasible – through, for instance, participation in French networks; involvement in specialized initiatives and workstreams; engagement in partnership projects; and reviewing and providing commentary to participating companies on their Communications on Progress.

Best regards,

A circular stamp from the University of Lyon, Jean Moulin, with the text "UNIVERSITÉ JEAN MOULIN" and "INSTITUT D'ÉTUDES DES ENTREPRISES" around the perimeter. A handwritten signature in black ink is written over the stamp.
