Your Excellency

I am pleased to confirm that Impregilo S.p.A. supports the ten principles of the Global compact with respect to human rights, labour, environment and anti-corruption.

With this communication, we express our intent to advance those principles in our business within our sphere of influence. Impregilo is committed to making the Global Compact and its principles part of our strategy, culture and day-to-day operations and, further, to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Millennium Development Goals.

We will communicate this commitment clearly to our employees, clients, partners and all other stakeholders, as well as to the general public.

We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) describing our company's efforts to implement the ten principles. Finally, We support public accountability and transparency, and therefore commit to report the progress achieved within one year of adhering to the Global Compact and annually thereafter, as per the Global Compact COP policy.

Sincerely yours,

Yours faithfully

Pietro Salini
