Letter of Commitment to the UN Global Compact Principles

Your Excellency,
Dear Mr. Secretary-General,

It is with great pleasure that I can confirm that BSD Consulting supports the ten principles of the UN Global Compact with respect to human rights, labor, environment, and anti-corruption.

With this letter, I express, on behalf of the full management, the intent to advance those principles within our sphere of influence. We at BSD Consulting are committed to making the UN Global Compact and its principles part of the strategy, culture, and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Millennium Development Goals. BSD Consulting will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the UN Global Compact, and annually thereafter according to the UN Global Compact COP policy.

Sincerely,

Mr. Peter Teuscher
Co-Founder and Managing Director
