Dear Mr. Ban Ki-moon,

I am pleased to confirm that China National Textile and Apparel Council (CNTAC) which operates the CSC9000T, China Social Compliance for Textile and Apparel Industry, supports the ten principles of the Global Compact in respect to human rights, labour rights, the protection of the environment and anti-corruption. With this communication, we express our intent to support and advance those principles within our sphere of influence by making a clear statement of this commitment both within the industry and to the public. We believe our *Annual Report on Social Responsibility of the Chinese Textile and Apparel Industry* serves well the purpose of the “*Communications on Progress*” as required by the Global Compact. We will further explore opportunities to partner with our member companies and other stakeholders to further the implementation of the ten principles.

Please find attached some general information regarding our organization as well as the contact person responsible for contacts with the office of the Global Compact.

Sincerely yours,

DU Yuzhou

President, CNTAC
