Dear Mr. Secretary-General,

I am pleased to confirm that Bulleh Shah Packaging supports the ten principles of the Global Compact with respect to human rights, labor rights, environment stewardship and anti-corruption. With this communication, we express our intent to advance those principles within our sphere of influence. We volunteer to make the Global Compact and its principles a part of the strategy, culture and day-to-day operations of our company, and to engage in collaborative projects which advance the broader development goals of the United Nations.

Bulleh Shah Packaging (Pvt.) Limited will make a statement to our stakeholders and the general public in this regard. We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles. We support public accountability and transparency, and therefore will report on progress made within *one year* of joining the Global Compact, and *annually* thereafter according to the Global Compact COP policy.

Sincerely Yours,

Martin Schotten
Chief Executive Officer
