Dear Mr. Secretary-General,

I am pleased to confirm that Tarasiouk-Kurbatov International Wellness Foundation, Inc. supports the ten principles of the UN Global Compact with respect to human rights, labour, environment, and anti-corruption. With this commitment, we express our intent to advance these principles within our sphere of influence, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to take part in the activities of the UN Global Compact where appropriate and feasible – through, for instance, participation in Country/Local Networks; involvement in specialized initiatives and workstreams; engagement in partnership projects; and reviewing and providing commentary to participating companies on their Communications on Progress.

Through the Foundation's international outreach project Wheels of Life we serve the wheelchair-bound individuals and work towards increasing handicapped mobility and accessibility around the world. We believe that as the participant of the UN Global Compact, we will make positive impact to the existing legislature, giving handicapped individuals equal rights and opportunities in physical environment, safety and independent living, as well as employment, education, housing and freedom from abuse, neglect and violation of human rights.

Sincerely yours,

Countess Tatania Kurbatov
Founding President and Director of Tarasiouk-Kurbatov International Wellness Foundation, Inc.
