Dear Mr. Secretary General,

I am pleased to confirm that Total Solutions supports the ten principles of the Global Compact with respect to human rights, labour, environment and anti-corruption.

With this letter, we express our intent to further advance those principles within our sphere of influence. We are committed to making the Global Compact and its principles part of our strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects. Total Solutions will make a clear statement of this commitment to our stakeholders, clients and the general public.

We recognize that a key requirement for participation is the annual submission of a Communication on Progress that describes our company's efforts to implement the ten principles. We support public accountability and transparency and therefore commit to report annually on our progress according to the Global Compact COP Policy.

Sincerely yours,

Mr Robi Dattatreya
Founder and Managing Director
