Re: Danish Agro wishes to join the UN Global Compact programme

Dear Mr. Secretary-General

I am pleased to confirm that Danish Agro a.m.b.a supports the ten principles of the Global Compact with respect to human rights, labour, environment and anti-corruption. With this communication, we express our intent to implement and advance these principles even further within our group. We are committed to making the Global Compact and its principles part of the strategy, culture and day-to-day operations of our company. Danish Agro a.m.b.a will make sure to inform our partners and customers about this commitment.

We acknowledge that a key requirement for participation in the Global Compact is the annual submission of a Communication on progress (COP) that describes our company's progress on implementing the ten principles. We commit to report on progress within one year of joining the Global Compact, and every year thereafter.

Best regards,

Danish Agro a.m.b.a.
