Dear Mr. Secretary-General,

I am pleased to confirm that the Fondation Guilé supports the ten principles of the UN Global Compact with respect to human rights, labour, environment, and anti-corruption. Originally guided by those principles, the Swiss-based Fondation Guilé focuses its activities on corporate responsibility in the process of economic globalization.

With this commitment, we express our intent to advance these principles within our sphere of influence, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to take part in the activities of the UN Global Compact where appropriate and feasible – through, for instance, participation in County/Local Networks; raising awareness of the UN Global Compact in emerging markets; involvement in specialized initiatives and work streams; engagement in partnership projects; and reviewing and providing commentary to participating companies on their Communications on Progress and related disclosures on their commitment.

Sincerely yours,

Régis Burrus
Chairman of the Fondation Guilé
