Dear Mr. Secretary-General,

It's a great pleasure to confirm that Aharin India Pvt. Ltd. supports the ten principles outlined in the Global Compact on human rights, labour, environment and anti-corruption. This letter is a commitment to our sole intent to include & best implement "Global Compact and its principles" in our policies, strategies, our work culture and our day to day operations. We would be grateful and open to strategic collaborations in projects for advancing the broader development goals of the United Nations particularly in eradicating poverty through Millennium Development Goals.

Aharin India Pvt. Ltd. will make a clear statement of its commitment to our partners, stakeholders and the general public.

We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the Global Compact, and annually thereafter according to the Global Compact COP policy. This includes:

- ♦ A statement signed by the chief executive expressing continued support for the Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the Global Compact.
- ♦ A description of practical actions (i.e., disclosure of any relevant policies, procedures, activities) that the company has taken (or plans to undertake) to implement the Global Compact principles in each of the four issue areas (human rights, labour, environment, anti-corruption).
- ♦ A measurement of outcomes (i.e., the degree to which targets/performance indicators were met, or other qualitative or quantitative measurements of results).

Sincerely yours,

ASHISH TAGRA
