Dear Mr. Secretary-General,

I am pleased to confirm that 5 Diamondz, a simulated business, supports the ten principles of the Global Compact with respect to human rights, labour, environment and anti-corruption. With this communication, we express our intent to advance those principles within our sphere of influence. We are committed to making the Global Compact and its principles part of the strategy, culture and day-to-day operations of our company. We will make a clear statement of our support of the Global Compact in our annual report or other public documents.

It is our understanding that the Global Compact reflects shared values and principles between the United Nations and businesses such as our Company, but that the Global Compact is not a grading or enforcement mechanism nor does it involve any concepts of profit or technology transfers. Moreover, our participation in the Global Compact does not limit our freedom as permitted by law to oppose public or private sector activities which we do not believe are in the best interests of our Company. We note that the general intentions behind the Global Compact may be implemented differently in different countries, in keeping with local laws and customs.

Please find enclosed some general information regarding our Company, as well as the contact person responsible for contacts with the Global Compact Office.

Sincerely yours,
