Dear Mr. Secretary-General,

I am pleased to confirm that WEF "Work Environment Foundation" supports the ten principles of the UN Global Compact with respect to human rights, labor, environment, and anti-corruption.

With this commitment, we express our intent to advance these principles within our sphere of influence, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to take part in the activities of the UN Global Compact where appropriate and feasible – through, for instance:

- Organizing learning events, workshops and training for Blue Collars on the topic of corporate citizenship, working ethics in general and Social responsibility and the Global Compact in specific
- Mobilizing collective action efforts on different issues and specially in environmental ones
- Functioning as a platform for sharing of experiences and ideas

We recognize that a key requirement for participation in the Global Compact is the biannual submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Mr. Osman Arikan
General Secretary
