Dear Mr. Secretary-General,

I am pleased to confirm that fea – Forestry and Environmental Action, supports the ten principles of the UN Global Compact with respect to human rights, labour, environment, and anti-corruption. With this commitment, we express our intent to advance these principles within our sphere of influence, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to take part in the activities of the UN Global Compact where appropriate and feasible – through, for instance, participation in Country/Local Networks (fea is already a member of Bosnia&Herzegovina Local Network); involvement in specialized initiatives and work streams, i.e. in field of Environment - Sustainable Energy for All and Business Development; engagement in partnership projects in the field of Sustainable Development, UN-Business Partnership and Supply Chain Sustainability; reviewing and providing commentary to participating companies on their Communications on Progress; and, where possible and feasible, to participate in global, regional and local events.

We recognize that a key requirement for participation in the Global Compact is the biannual submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Ms. Elmedina Krilasevic
MB President, fea
