Dear Mr. Secretary General,

I am pleased to confirm that Today's Afghanistan Conciliation Trust – TACT supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to advance these principles within our spheres of influence, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following ways:

- *To engage with Global Compact Local Networks*
- *To propose partnership projects on corporate sustainability*
- *To Engage companies in Global Compact-related issues*
- *To join special initiatives and work streams*
- *To provide commentary to companies on Communications on Progress*
- *To Participate in Global Compact global, and local events*

We recognize that a key requirement for participation in the Global Compact is the biannual submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Abdulhaq Niazi
