Dear Mr. Secretary-General,

I am pleased to confirm that National association of employers «Federation of lift organizations»

supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to advance these principles within our spheres of influence, and will make a clear statement of this commitment to our stakeholders and the general public

We also pledge to participate in and engage with the UN Global Compact and in the following way(s):

1. Build dialogue with companies and NGOs involved in the Global Compact.
2. Participate in Global Compact Local Networks.
3. Examine company performance on rights and sustainability issues.

We recognize that a key requirement for participation in the Global Compact is the biannual submission of a Communication of Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact, and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

**Mr. Zvjagintsev
Managing Director**
