Dear Mr. Secretary General,

RE: LETTER OF RECOMMITMENT

I am pleased to confirm that DeePa Industries Limited supports the ten principles of the Global Compact with respect to human rights, labor, environment and anti – corruption. With this communication, we express our intent to advance those principles within our sphere of influence. We are committed to making the Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Millennium Development Goals. DeePa Industries will make a clear statement of this commitment to our stake holders and the general public.

We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the Global Compact, and annually thereafter according to the Global Compact COP policy.

We hereby request that we be re- admitted to Global Compact. We regret that our COP was not submitted on time and hereby re-commit to comply with this requirement. The delay was occasioned by exit of responsible staff and has taken time to seek replacement and train accordingly. This has been rectified and we assure that this will not recur.

Yours sincerely
DeePa Industries Ltd
