Dear Mr. UN Secretary-General,

I am pleased to confirm that CentraRSE supports the ten principles of the UN Global Compact with respect to human rights, labour, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles in Guatemala, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following ways:

- Organize learning and dialogue events, workshops and training for our members on the UN Global Compact and specific topics relevant to corporate sustainability.
- Engage our members in collective actions efforts on Global Compact related issues.
- Provide our expertise to Global Compact working groups and special initiatives
- Attract new participants to the UN Global Compact through our outreach efforts and awareness raising.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report progress with in two years of joining the Global Compact and every two years there after according to the Global Compact COE policy.

Sincerely yours,

Alvaro Zepeda
