Dear Mr. Secretary-General,

I am pleased to confirm that DutchKid FZCO and its subsidiary company JustKidding General Trading (LLC) support the ten principles of the Global Compact with respect to human rights, labour, environment and anti-corruption.

With this communication, we express our intent to advance those principles within our sphere of influence. We are committed to the Global Compact and as such have made its principles part of our business strategy, culture and day-to-day operations of our companies. We are also committed to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Millennium Development Goals. DutchKid FZCO and its subsidiaries will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication of Progress (COP) that describes our company's efforts to implement the ten principles. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact, and every year thereafter according to the Global Compact COP policy.

Sincerely yours,

Bernard F. H. Boenk
