Dear Mr. Secretary General,

I am pleased to confirm that **HAMRAAH FOUNDATION** supports the ten principles of the UN Global Compact with respect to human rights, labour, environment and anti corruption. With this commitment, we can express our intent to support the Global Compact advancing these principles, and will make a clear statement to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact wherever they are feasible through for instance: participation in country/ local networks, involvement in specialized initiatives and workstreams, engagements in partnership projects and reviewing and providing commentary to participating companies on their communications on progress.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication of Engagement (COE) that describes our organization 'efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Mohammed Javed Qureshi
Chairman
Hamraah Foundation
