Dear Mr. Secretary General,

I am pleased to confirm that Asociacion Bernadette Strebél World Peace supports the ten principles of the UN Global Compact with respect to human rights, labour, environment and antiCorruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following way(s):

- **Promotion of the woman:** we pay particular attention to specific gender issues present in the society and work to address these by protecting, empowering and educating women.
- **Self-Reliance:** we supports projects based on self-reliance, which are compatible with the principles and goals of the organisation, with start-up financing until independence is ensured.
- **Sustainability:** we establish an appropriate basis of knowledge and consciousness to provide a scheme which is sustainable, ecological and cost-efficient.
- **Trust and Transparency:** we seek and encourage trust and reliability in all persons involved. Therefore we maintain open and honest relationships to donors, members, sponsors and institutions on the basis of trust and transparency combined with ethical and moral criteria.
- **Tolerance:** we commit ourself to fellow human beings. Religions, ethnic groups or political views are not barriers. As a mediator, we encourage tolerance, better communication and more equality.

We wish to engage and participate on the Global Compact global and local events and join-purpose Partnership Projects on Corporate Sustainability special initiatives work-stream.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organisations efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,
