Dear Mr. Secretary General,

I am pleased to confirm that **AVOID ACCIDENT** supports the ten principles of the UN Global Compact with respect to human rights, labour, environment and anticorruption. With this commitment We express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public. We also pledge to participate in and engage with the UN Global Compact in the following way(s):

To support the UN Decade of Action for Road Safety with a goal approved by the UN Assembly --of stabilizing and reducing the road deaths on 2020.  
We welcome and support the Un Secretary General Ban Ki Moon's recognition of road safety as a post 2015 health report in his report --'A Life of Dignity for All' in which He also urges the UN to recognize that in the context of planning the new Post-2015 Development Goals, the lack of road safety is an important obstacle to sustainable development.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely Yours,
