Dear Mr Secretary-General

I am pleased to confirm that Mentor MicroBank Foundation supports the ten principles of the UN Global Compact with respect to human rights, labour, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public

We also pledge to participate in and engage with the UN Global Compact in the following way(s): Providing academic participation to ensure Mentor MicroBank partakes in the important role in shaping future business leaders and educating them on the importance or responsible management and leadership. We will also partake in the number of activities as outlined below:

- Attract new participants to the UN Global Compact through their outreach efforts and awareness raising
- Organize learning and dialogue events, workshops and training for their members on the UN Global Compact and specific topics relevant to corporate sustainability
- Provide their expertise and/or the voice of their members to Global Compact working groups and special initiatives.
- Engage their members in collective action efforts on Global Compact-related issues
- Host the secretariat for a Global Compact Local Network

We recognise that a key requirement for participation in the Global Impact is the submission of a Communication of Engagement (COE) that describes our foundation's efforts to support the implementation of the ten principles and to engage with the Global Impact. We support public accountability and transparency, and therefore commit to report on progress within *two years* of joining the Global Impact and *every two years* thereafter according to the Global Impact COE policy.

Sincerely Yours
