Dear Mr. Secretary General,

LETTER OF COMMITMENT

I am pleased to confirm that Noble Missions for Change Initiative supports the ten principles of the UN Global Compact with respect to human rights, labour, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following ways: participate in Country/Local Networks, involvement in specialized initiatives and work streams, engagement in partnership projects, and reviewing and providing commentary to participating companies on their communications on progress.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency and therefore commit to report on progress within two years of joining Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Charles Omofomwan
Founder/National Coordinator
