Dear Mr. Secretary General,

I am pleased to confirm that “the Egyptian Center for coordination and Social development (Watan)” supports the ten principles of the UN Global Compact with respect to human rights, labour, environment and anti-corruption. With this commit, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public. We also pledge to participate in and engage with the UN Global Compact by increasing the awareness through our members and other similar NGOs, propose partnership projects on corporate sustainability and engage ourselves and stakeholders in Global Compact related issues.

More over participate in the Global Compact Local and Global events.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE)that describes our organization’s efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely Yours,
