Dear Mr. Secretary- General,

I am pleased to confirm that Unilever Myanmar Limited supports the ten principles of the Global Compact on human rights, labour, environment and anti-corruption. With this communication, we express our intent to implement those principles. We are committed to making the Global Compact and its principles part of the strategy, culture and day to day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Millennium Goals. Unilever Myanmar Limited will make a clear statement of this commitment to our stakeholders and general public.

We recognize that a key requirement of participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's effort to implement the ten principles. We support public accountability and transparency and therefore commit to report on progress within one year of joining the Global Compact, and annually thereafter according to the Global Compact COP Policy. This includes:

- A statement signed by Country Director expressing continued support for the Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from in our initial letter of commitment to join the Global Compact.
- A description of practical actions (i.e, disclosure of any relevant policies, procedures, activities) that company has taken (or plans to undertake) to implement the Global Compact principles in each of the four issue areas (human rights, labour, environment, anti-corruption).
- A measurement of outcomes (i.e, the degree to which targets/performance indicators were met, or other qualitative or quantitative measurements of result).

Sincerely yours,

Mr. Zaw Myo Hlaing
Country Director
Unilever Myanmar Limited
