

**VIENNA  
WATER  
MONITORING**

rapid and continuous measurement of bacterial contamination in water

H.E. Ban Ki-Moon  
Secretary-General  
United Nations  
New York, NY 10017  
USA

Zwerndorf, 12<sup>th</sup> of June, 2014

Dear Mr. Secretary-General,

as the major shareholder and CEO of VWM GmbH, I am pleased to confirm that our organization supports the ten principles of the Global Compact with respect to human rights, labour, environment and anti-corruption.

With this letter, we express our intent to advance those principles within our sphere of influence. We are committed to making the Global Compact and its principles part of VWM's strategy, culture and day-to-day operations and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Millenium Development Goals. Therefore, VWM GmbH will make a clear statement of this commitment to its stakeholders and the general public.

We recognize that a key requirement for the participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the Global Compact, and annually thereafter according to the Global Compact COP policy. This includes:

- A statement signed by the chief executive expressing continued support for the Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the Global Compact.
- A description of practical actions (i.e., disclosure of any relevant policies, procedures, activities) that the company has taken (or plans to undertake) to implement the Global Compact principles in each of the four issue areas (human rights, labour, environment, anti-corruption).
- A measurement of outcomes (i.e., the degree to which targets/performance indicators were met, or other qualitative or quantitative measurements of results).

Sincerely yours,

**VIENNA WATER MONITORING**
