Dear Mr. Secretary General,

I am pleased to confirm that Confindustria Centro Sicilia supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to adopt the above mentioned principles as an integral part of our day-to-day operations and organizational culture and to advance them within our spheres of influence making a clear statement of this commitment to our stakeholders and the general public.

We also pledge to take part in the activities of the UN Global Compact where appropriate and feasible – through, for instance, promoting principles of the UN Global Compact, participating in regional/local networks and engaging in specialized initiatives and in partnership projects as well.

We recognize that a key requirement for participation in the Global Compact is the biannual submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours

Mr. Carmelo Turco
President
