San José, Costa Rica, June 9th, 2008

Dear Mr. Secretary-General,

I am pleased to confirm that Fundación para la Paz y la Democracia, FUNPADEM, supports the ten principles of the Global Compact with respect to human rights, labour, environment and anti-corruption. With this communication, we express our intent to advance those principles within our sphere of influence, and will make a clear statement of this commitment to our stakeholders and the general public.

With this in mind, in the following weeks we will contact the local UNDP office and also the Global Compact Office with the purpose of coordinating the completion of the necessary steps to establish and create the Costa Rican Global Compact network. Our interest is to serve as focal point for this network and launch the formation of a national agenda for this network, based on the ten principles of the PACT.

Please find attached general information about our organization, as well as the contact details of the focal point for communication with the Global Compact Office.

Sincerely yours,
