

Mr. George Kell

Dear Mr. Kell,

I am pleased to confirm that **Gulftainer Company Limited** (the “Company”) supports the **Call to Action: Anti-Corruption and the Global development Agenda**, an appeal by the private sector urging governments to promote efficient and effective anti-corruption measures and to implement robust policies that foster good governance.

With this communication, we commit to, *inter alia*, work against extortion and bribery in all its forms, as advanced by the UN Global Compact’s Tenth Principle.

By signing the *Call to Action*, we ask Governments to:

1. *Fully implement and enforce the tenets of the UN Convention against Corruption by strengthening anti-corruption policies, laws and enforcement mechanisms to create a level playing field and incentivize good behavior;*
2. *Make a commitment to reduce corruption risks from procurement and contract processes of large-scale projects that are designed to support sustainable development;*
3. *Commit to engage in competitive and transparent procurement processes through public advertising of all Government procurement cases;*
4. *Achieve greater transparency in relation to revenues received by Governments from private sector companies;*
5. *Support corporate efforts to enhance anti-corruption implementation, corporate governance, innovative collective action and public-private partnership initiatives.*

Moreover, we recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes the Company’s efforts to implement the ten principles. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the Global Compact and annually thereafter, according to the Global Compact COP policy. This includes:

1. A statement signed by the chief executive expressing continued support for the Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the Global Compact.
2. A description of practical actions (i.e., disclosure of any relevant policies, procedures, activities) that the Company has taken (or plans to undertake) to implement the Global Compact principles in each of the four issue areas (human rights, labour, environment, anti-corruption).
