Dear Mr. Secretary-General,

GRAPH 2000 has participated to Global Compact until 2008.  
After difficult economic events in 2009, our compagny have been put in receivership  
in the beginning of 2009 and 2010.  
In June 2010, our compagny has been bought by "Imprimerie Bernayenne".  
**Now, the compagny "Imprimerie Bernayenne" is called GRAPH 2000 for the industrials and  
commercial sites.**

I am pleased to confirm that GRAPH 2000 supports the ten principles of the Global Compact with respect to human rights, labour, environment and anti-corruption. With this communication, we express our intent to advance those principles within our sphere of influence. We are committed to making the Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Millennium Development Goals. GRAPH 2000 will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the Global Compact, and annually there after according to the Global Compact COP policy.

Sincerely yours,

Mr. Marc ROBERT
