Dear Mr. Secretary General,

I am pleased to confirm that Institute for Corporate Sustainability and Responsibility supports the ten principles of the UN Global Compact with respect to human rights, labour, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following ways:

- Attract new participants to the UN Global Compact through their outreach efforts and awareness raising;
- Organize learning and dialogue events, workshops and training for different stakeholders on the UN Global Compact and specific topics relevant to corporate sustainability;
- Provide our expertise and the voice of our members to Global Compact working groups and special initiatives;
- Engage our members in collective action efforts on Global Compact-related issues.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,
