Dear Mr Secretary-General,

I am pleased to confirm that **FynBloem (Pty) Ltd** supports the ten principles of the Global Compact on human rights, labour, environment and anti-corruption.

FynBloem started implementing the principles a number of years ago and have made them part of our strategy, culture and day-to-day operations. We communicate our commitment to our customers, suppliers and stakeholders in our annual Sustainability Report. We support public accountability and transparency and commit to produce an annual Communication on Progress (COP), which will include:

- A statement signed by the chief executive expressing continued support for the Global Compact and renewing our ongoing commitment to the initiative and its principles. This is *separate* from this initial letter of commitment.
- A description of practical actions that the company has taken or plans to undertake, to implement the Global compact principles in each of the four issue areas (human rights, labour, environment, anti-corruption).
- A measurement of outcomes (the degree to which targets/performance indicators were met, or other qualitative or quantitative measurements of results).

We are committed to engage in collaborative projects to advance the broader development goals of the United Nations, particularly the Millennium Development Goals.

Yours sincerely,

PIETER BEYERS VENTER (MR)
