Dear Sir,

### **Commitment Letter**

I am writing to confirm Civil Centre for Peace, Justice and Development's unreserved supports for the ten principles of the UN Global Compact with respect to Human Rights, Labour, Environment and Anti Corruption. With this commitment we express our intention to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following ways

- Civil Society
- Labour
- Public sector organization

We recognize that a key requirement for participating in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's effort to support the ten principles and to engage with the Global Compact. We support public accountability and transparency and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy

Sincerely Yours

Uwasan felix
