Dear Mr. Secretary-General,

I am pleased to confirm that **Vytautas Magnus University** supports the ten principles of the UN Global Compact with respect on human rights, labour, environment and anti-corruption.

With this commitment we express our intent to support Global Compact advancing these principles and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to take part in the activities of the UN Global Compact where appropriate and feasible – through, for instance, participation in Country/Local networks; involvement in specialized initiatives and workstreams; engagement in partnership projects; and reviewing and providing commentary to participating companies on their Communications on Progress.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our university's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Prof. Zigmantas Lydeka
Rector of Vytautas Magnus University
