Dear Mr. Secretary General

I am pleased to confirm that Nazeer Hussain University supports the ten principles of the UN Global Compact with respect to human rights, labour, environment and anticorruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following ways:

- Inculcate the global compact principles into the academic curriculum at all levels
- Contribute to creating awareness amongst educated youth and the masses towards combating environmental concerns and promoting human rights at all levels
- Contribute to human right protection and raising the voice for labor rights at all possible platforms
- Contribute to improvement of principles of responsible management education and incorporate the same in all academic programs
- To develop a youth community for raising concerns and undertaking campaigns/drives to promote ten principles of Global Compact

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (CoE) that describes our organizations' efforts to support the implementation of the principles and to engage with the Global Compact.

We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely Yours,

Prof. Dr. Altaf Hussain
Vice Chancellor
